Cancer Survivor Poem

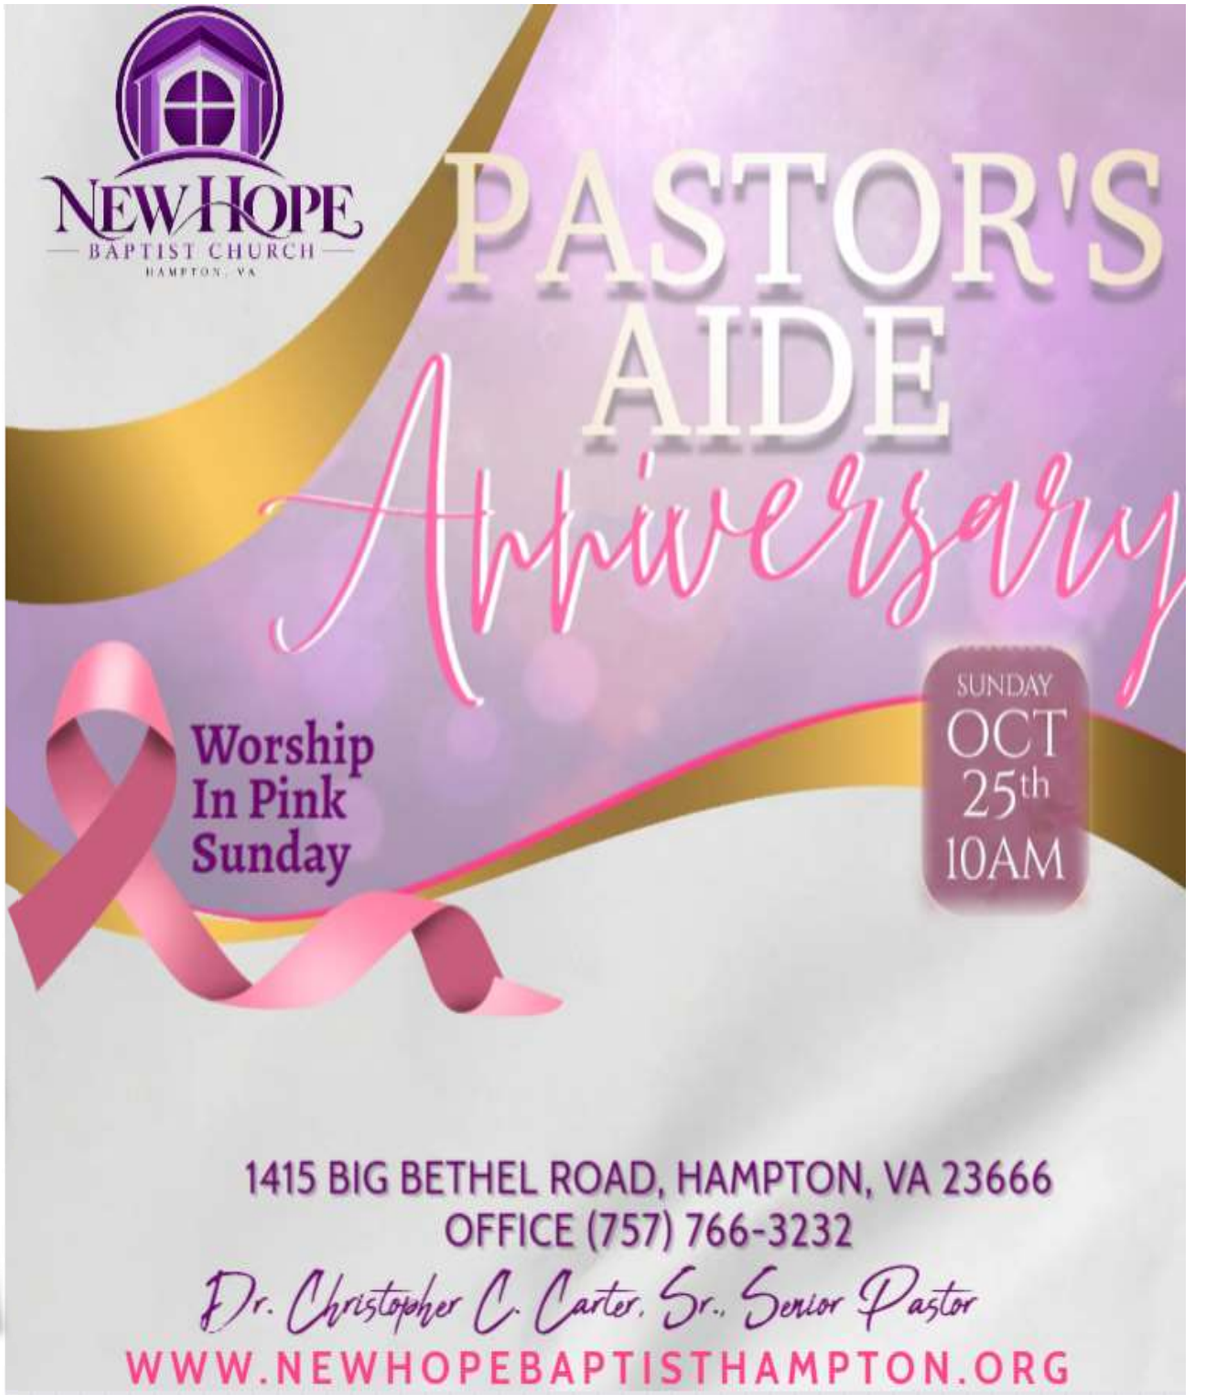

You faced the storm and stood your ground,
When fear and pain were all around.
With faith and fire, you met each day,
And chose to fight, and chose to stay.

Through every tear and sleepless night,
You never let go of the light.
Each scar you bear tells of your fight—
A story fierce, a soul so bright.

You walked through valleys deep and wide,
Yet hope and strength walked by your side.
A warrior wrapped in quiet grace,
You faced the dark and took your place.

Now here you stand, a living flame,
With joy and courage none can tame.
Dear survivor, strong and true—
The world shines brighter because of you.
